

MRS. BONINE STILL SMILES.

Government Indicates that Trial Will Last Till Thursday.

MORE EXPERT EVIDENCE.

The Justice Ready to Rule on the General Question of Mrs. Bonine and Ayres Position.

WASHINGTON, Dec. 9.—When Mrs. Bonine was brought into court at 10:30 o'clock this morning to enter upon the fourth week of her trial, a much larger crowd was present than that of Saturday. The little woman met her attorneys and the members of her family with a smile as she took her seat.

Before proceeding with the trial of Mrs. Bonine, District Attorney Gould suggested to the court that the jurors summoned for other cases be excused until Thursday, indicating that the Government does not expect this trial to continue before that time.

The jury was not brought into court this morning until after Justice Anderson had made his rule on the questions under dispute when court closed Saturday. The court sustained the objection raised by the Government to the specific question asked by Mr. Douglas of Dr. W. P. Carr as to the difference in the height and direction of the wound in Ayres's hip had been running, walking or standing.

The court ruled that there was not sufficient data in the question to admit of an answer.

Mr. Douglas finally put the question in this form:

"In view of the location of the hip wound would the wound be inflicted in its height and direction by the fact that the deceased was running or walking?"

"Not materially," replied the witness.

The witness gave it as his opinion that the muzzle of the weapon was about eight inches from the body when the chest wound was inflicted and from six to nine inches when the wound in the arm was inflicted. Dr. Carr then produced bits of cloth at which a revolver had been fired at different angles for the purpose of making comparisons with the powder marks in Ayres's body and on the undergarments.

Dr. Carr said the wound on the left forearm could not have been inflicted by the bullet that entered the chest.

PERILS OF BRONX FOR BROOKLYNITE.

TOOK WRONG CAR AND MIS-TOOK HOUSE FOR HIS.

When Latchkey Wouldn't Fit He Tried to Beat His Way in at Windows.

Patrick Connolly, twenty-five years old, of No. 627 Humboldt avenue, Brooklyn, was somewhat muddled when he started to go home last night after spending some time in the city.

He found a house at One Hundred and Eighty-first street and Tenth avenue that resembled his own, and was both amazed and angry when his keys would not open the front door, so he proceeded to kick in the windows, and then started to walk about the house.

The owner, Edward Handy, resented the intrusion and turned Connolly over to the police, who arrested the man in the morning and the prisoner explained that he thought he was getting into his own house.

"Is that the way you usually enter?" asked Magistrate Mayo.

Connolly assured him that it was not and Handy said he was satisfied that Connolly had made a mistake, so the Magistrate discharged him with the advice that he be sure of the house before he tried to break in again.

HEAVY TONE AT LONDON.

The copper situation at the London market attracted brief attention and sentiment was ruled by the movement in these stocks.

Rio Tin declined to 97.5, but later in the day rallied to 97.5, exceeding a better feeling all around, following the heaviness. The declines in the American department ranged from 1-4 to 1-10 per cent. below the final figures at New York on Saturday, with the maximum decline in the St. Paul shares, which sold equivalent to 163, as compared with 162, Saturday's closing here.

United States Steel was fairly firm at 41-2 and 41-3 per cent. respectively, on the common and preferred stock.

The wheat market. Local operators were disappointed that Liverpool only advanced 1 to 1-1/4 in response to our rise on Saturday, and indicated in some instances a disposition of a good break, but the public showed no disposition to follow suit.

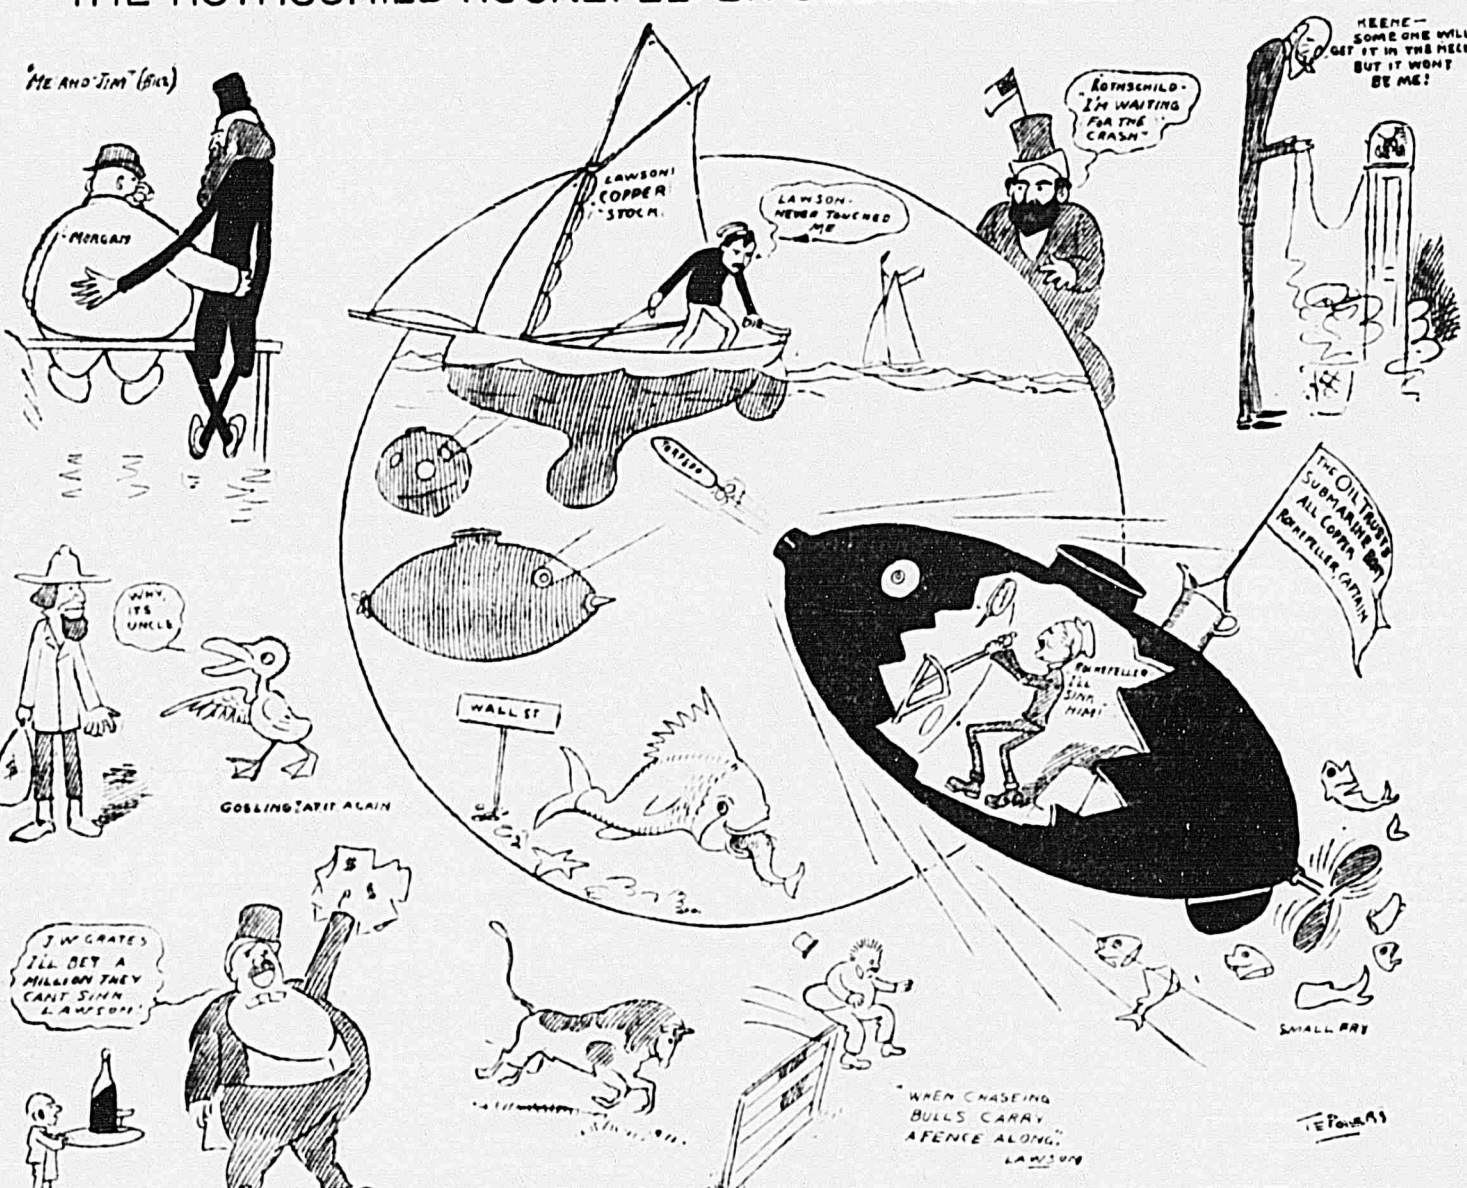

May wheat opened at 83-4, and then advanced to 87, as compared with 87-3 on the early curb.

Corn opened barely steady and quiet influenced by wheat.

New York's opening prices were: May wheat, 86-4; March, 87-1-1/4; December, 84-1-1/4; May corn, 71-1-1/4; December, 71-1-1/4.

Chicago's opening prices were: May wheat, 83-4; March, 87-1-1/4; December, 71-1-1/4; May corn, 71-1-1/4; December, 71-1-1/4.

THE ROTHSCHILD-ROCKEFELLER SUBMARINE BOAT IN ACTION.

STOCKS ERRATIC ON ACTIVE TRADING.

OPENING PRICES RULED FRACTIONALLY LOWER.

Recovery Soon Followed in Symptom of Advance in Amalgamated.

Trading on 'Change opened with a burst of enthusiasm this morning, but sentiment was about evenly divided and prices accordingly displayed marked irregularity. Amalgamated Copper was the moving factor in the early decline, being feverishly active with a strong undertone. The opening quotation showed a decline of 1 1/2 points at 46, as compared with 47 1/2 Saturday. Subsequently it recovered to the full decline, and the balance of the market, which had opened down, responded with a sympathetic rise. The initial figures were 12 to 34 per cent. lower, but the rally which followed rapidly carried prices to above Saturday's closing level. Copper closed New York, central and Missouri Pacific were carried up to 102 1/2, 106 1/4, and 103 1/4, respectively, on fair support. Manhattan, on the other hand, remains conspicuously heavy at a decline of nearly 5 points.

Copper remained steady throughout the morning, and at noon scored the high figure of 87-1/8.

The balance of the market, however, reacted sharply, and fell to the lowest figure for the day on active bear selling. Trading continued very active, the total sales to noon being \$4,000,000.

The total sales of stocks today were \$15,000,000.

The closing quotations.
